KONA COFFEE.

A Meeting Held to Discuss the Advisability of Supplying Kona Coffee at the World's Fair.

Saturday afternoon a meeting was held at the Hawaiian Hotel to discuss the question of a Kona coffee cafe at Chicago during the Fair. There were present Thomas Rain Walker, Lewis J. Levey, A. M. Mellis, E. Ellsworth Carey, W. W. Hall, A. T. Herbert, N. S. Sachs, Prof. W. D. Alexander, M. Rose, and Curtis J. Lyons.

Upon request, T. R. Walker assumed the chairmanship of the meeting, and Mr. Carey acted as secretary. Mr. Walker stated that a preliminary meeting was held last March to consider the advisability of establishing a cafe at Chicago for the sale of Kona coffee, and that Mr. Mellis had, in the meantime, secured some information on the subject which would be presented to those present.

Mr. Mellis read a letter from Hon. L. A. Thurston, who could not be present, stating that he was in sympathy with the undertaking, and hoped it would succeed. Mr. Mellis then gave an outline of what Exposition. He was offered a space in the grounds for a coffee booth upon certain conditions. Mr. Mellis then made a statement as to the amount which would be required to carry out the undertaking. He also argued that the establishment of this cafe would do more to advertise the country than a system of newspaper advertising, and it would also attract the attention of capitalists to the possibili-ties in coffee culture. He thought \$10,000 would be required to erect a pavilion and place it in readiness for business.

An informal discussion followed, to make such an estimate.

The Fair grounds are seven miles | not in the primary grades. from the city, and those visiting the grounds will be obliged to obtain refreshments within the Fair; and as the number of daily visitors may equal 100,000, it will be seen that a multitude must be furnished cafe will prove a paying invest-ment. BUREAU PUBLIC INSTRUCTION. HONDLULU, Dec. 31, 1892. Hon. J. S. WALKER, President of the

Legislature.

The undersigned members of the Board of Education beg respectfully to present to the notice of the honorable members of the Legislature, in view of an Act limiting the appointing power of the Board to teachers, the following tacts: In presenting this petition the Board does not wish it to appear that it desires to dictate in any way, but solely to pre-sent the facts for the consideration of the

onorable members of the Assembly. The principle has been well established for years in all the appointments that our Hawaiians and those of Hawaiian descent, when fitted to occupy positions, should receive the preference. This, in the interest of economy is quite an important point, for it is not easy in many of our districts to provide boarding he had done, and read some letters accommodations for foreign teachers, from officials connected with the and with the limited means at the disposal of the Board, buildings required for some of the teachers will have to be

postponed. From many Hawaiian parents and guardians communications have been guardians communications have been addressed to your petitioners praying that foreign teachers may be sent, who can instruct their children in the English language correctly, for though they do not complain of their present teachers as to deportment, they still desire that the young children shall learn the first prin-ciples from a person versed in the language to be taught.

Your petitioners would also present the fact that the supply of Hawaiian teachers, skilled in the art of teaching. has as yet never been equal to the de-mand, and we do not know of a single case where a properly qualified Hawalian has been refused a position when there has been one available. At the present and it was thought that an estimate of the probable receipts and roll, of which 120 are Hawaiians or of expenditures of the proposed cafe Hawaiian descent and 23 of Hawaiian should be prepared, and the secre-tary and Mr. Walker were requested to all but three Government schools in the kingdom, and out of 7,148 scholars

Third reading of Bill 222, relating to the appointment of school teachers in primary schools in this Kingdom, Rep. Smith moved for the indefinite postponement of the bill. He considered it, from a Hawaiian's standpoint, a great mistake to employ only Hawaiians in primary schools. Educated Hawaiians are not satisfied to become school teachers, they want follow other professions. Some of the native teachers are not capable, and

native parents are not satisfied with their results.

Rep. Kaunamano said it was folly to say that Hawaiians were not competent to become school teachers. Some of the native Hawaiians have attended school for over ten years, yet they are said to be still in A B C. There must be something wrong in the educational system in this counson, Dr. S. L. Lee, Rudolph Neuare not competent.

Rep. Iosepa favored the bill, as it provided for the appointment of school teachers in primary schools only. The sp criminations. The speaker complained of dis-Noble Baldwin said that out of 7100 pupils, 6500 were in the primary schools.

believed it would not be put into effect. It endeavored to draw a line as to the manner of employing teachers in a way the Constitution did not warrant. If this bill is carried out, it would ruin the system already in vogue. It is something preposter-ous. For five years past, the existing Board had always given to Hawailans the preference to appointments as school teachers. English is the language of the future, but it will not drown out the Hawalian language. Many of those who consider them-selves fit to teach, understand only a half-white lingo. If the Board is at fault, the Cabinet could appoint a na-tive Hawaiian on the Board. He supported the motion to indefinitely post-

Rep. Kamauoha considered the bill

Rep. Bipikane said that according to the present system, Hawailans would never be proficient in English. The policy of foreign teachers is not to give too much English to natives, because they would become too smart.

Noble Cornwell did not think the bill a good one. He added the following amendment to Section 1: "If found competent in the opinion of the Board of Education."

Noble Baldwin said that Noble

Cornwell's amendment takes the gist away from the bill. The bill is a dangerous one. There are 250 teachers employed in this country, nearly all of whom are in primary schools. The Board had found it difficult to flud good teachers, either from here or from abroad. While he appreciated the remarks of the member from Hana, still the bill was a daugerous

Rep. Nawahi enumerated the scandalous habits of several persons in the employ of the Board of Educa-

tion. Noble Thurston said that Rep. Bipikane had kicked all the haoles. There was a great deal of truth in what the member from Hilo said. He sympathised with the opposition to continuously importing teachers. There had been a great deal of rubbish in the way of imported school-teachers. But this law would not meet the difficulties. He favored establishing first of all a normal school in this king-dom. He offered the following resolution: "Be it resolved that a commission of five persons be appointed to examine into the present system of supplying teachers to the common schools of the country, and to report to the next Legislature whether or not some method may not be devised whereby a supply of permanent teachers can better be obtained, and more particularly to examine into and report the advisability of establishing a local normal school for the instruction and training of teachers for the primary schools; and, if the same shall be found advisable, to formulate legislation necessary to carry the same into effect, together with an estimate of the additional expense of such proposition, and that bill 222 be laid on the table."

Rep. Smith seconded the resolution. With all respect to the Board, there are some things which are not altogether satisfactory.

Rep. Kamsucha appreciated the

remarks of Noble Thurston, who had proved his aloha for Hawalians. \$5000 had already been passed in 1890 for normal instruction for teachers. Rep. -R. W. Wilcox favored the resolution, and moved the previous

question. Carried.

The ayes and noes were called on motion to indefinitely postpone the bill, which was lost on the following division: Ayes -Ministers Wilcox, and Jones; Nobles Ena, Cummins, Williams, Kau-hane, J. M. Horner, Hind, Marslen, Young, Baldwin, Walbridge, Anderson, Thurston, Kanca and Dreier; Reps. Ash-

ford, Smith and A. S. Wileax—19. Noes—Minister Brown; Nobles Berger, Pus, Peterson, Maile, Hoapili and Cornwell; Heps. Bipixane, Aki, Pus, Kauhi, R. W. Wilcox, Nawahi, Kaumamano, Ka-mauoba, Waipudani, Nabinu, Kanealii, Edmonds, Kaluna, Iosepa and Akina

Absent-Minister Robinson: Nobles Hopkins, W. Y. Horner and cEryde; Reps. Wilder, Bush, Koahou, A. Horner, Kapahu and White. Noble Thurston's resolution was carried on a standing vote of 20 to 21, the President giving the casting vote. The President announced the com-

mission. Nobles Thurston, Baldwin and Kauhane, and Reps. Kamauoha and Smith. At 9:32 A.M. the House proceeded amendment to the Registration Act.
Rep. Smith criticized Rep. Ashford's remarks the other day, and con-

sidered them scandalous. Noble Thurston considered Rep. Ashford's amendment as an iniqui-tous one. Why does the member from the Third Ward want to protect Chinese in this town whom the House wishes to tie up. That is a mea lapu-wale. Rep. Ashford's amendment would take the meat out of the whole bill, and if it passed, he would move-to indefinitely postpone the bill. It was traitorous for a man to say that he favored the bill, when at the same time he wanted to stab his constituents in the dark. The member from the Third Ward ran on the platform in the interest of mechanics. He said that he loved them and would hug them. We passed a bill the other day allowing 5000 more Chinamen to come into the country. It was too much to expect that the member from the Third Ward would withdraw his amendment, but he would like to see

a unanimous vote against it.

Rep. Ashford said Noble Thurston's intimation that he was working in the interest of Chinese was entirely false. He was there in the interest of native Hawaiians and Anglo-Saxons. Noble Young claimed that his con-stituents did not favor the bill.

At 12 M. the House took a recess un-til 1:30 P. M. AFTERNOON SERBION

Rep. Ashford opposed the bill. He | The House re-assembled at 1:35 P.M.,
